SPONSORSHIP & ADVERTISING

OUR MEMBERS ARE LOOKING FOR YOU!

Guide
Dear Prospective Sponsor:

The Michigan State Medical Society has demonstrated a strong commitment to providing the best resources to our health care providers. Having the right people at their finger tips can help take away stress from our physicians and make everyday practice more manageable. With millions of patients taking a more active role in their healthcare, physicians are eager to find products and services that help them demonstrate value.

We have created this 2019 Corporate Sponsorship and Advertising guide in an attempt to streamline our sponsorship and marketing opportunities as well as more effectively meet your needs. We want our corporate sponsors to get the most exposure as possible, and the most out of their dollars spent. By packaging our different conferences and advertising opportunities into one comprehensive manual, we hope that you’ll get a better idea of how to best stretch your marketing dollars.
EXPAND YOUR CUSTOMER BASE

MSMS Practice Solutions partners are an important benefit to members of the Michigan State Medical Society. The program was designed to provide MSMS members with a resource for both their business and personal needs. Businesses are able to reach their target audience through the largest physician society in Michigan through MSMS Practice Solutions.

MSMS provides marketing exposure opportunities to participating vendors in exchange for financial support. That support helps MSMS keep membership dues affordable and allows MSMS to continue developing high quality programming for physician members and their staff. In return, businesses receive visibility, awareness, and exposure to the most sought after professionals in the world.
