Physician Assistant and Nurse Practitioner Services: Incident To, Split Shared and Other Compliance Issues

Wednesday, May 4, 2016
9:00 a.m. - 4:00 p.m.
MSMS Headquarters, East Lansing

Non-Physician Practitioners (NPP), particularly Physician Assistants (PA) and Certified Nurse Practitioners (CNP) continue to increase their presence in the medical office and hospital setting for patient care. Carrier differences in the interpretation of supervised services are ever changing and good base knowledge of Medicare's policy in addition to major carriers is a must in compliant billing for these non-physician services. Presented by Jill Young, CPC, CEDC, CIMC, this course will provide participants with an understanding of how to accurately and successfully bill when a health care provider, other than a physician, provides health care services.

Who Should Attend:

Physicians, billers, coders, office managers and billing managers

Fees:

MSMS Members & Office Staff: \$200
Non-Members: \$250
