

RESOLUTION 69-07A

Title: Adequate Vaccine Reimbursement
Introduced by: David T. Walsworth, MD, for the Ingham County Delegation
Original Author: David T. Walsworth, MD
Referred to: Reference Committee D
House Action: Adopted as Amended

Whereas, new vaccines are being developed that have inadequate reimbursement, and

Whereas, the inadequate reimbursement does not allow physician offices to provide such vaccines to their patients without subsidizing the entire process; therefore be it

RESOLVED: That MSMS work with local payers to ensure that the supply of all vaccines recommended by the Centers for Disease Control is available at a reasonable cost and the practice is fully reimbursed if unable to find a supplier charging lower than the reimbursement fee; and be it further

RESOLVED: That the Michigan Delegation to the AMA ask the AMA to work with national payers to ensure that the supply of all vaccines recommended by the Centers for Disease Control is available at a reasonable cost and the practice is fully reimbursed if unable to find a supplier charging lower than the reimbursement fee.

WAYS AND MEANS COMMITTEE FISCAL NOTE: NONE
