

RESOLUTION 38-08A

Title: Tamiflu Vaccine Prior Authorization
Introduced by: Domenic R. Federico, MD, for the Kent County Delegation
Original Author: Michelle M. Condon, MD
Referred to: Reference Committee D
House Action: Adopted as Amended

Whereas, the chronically ill are very susceptible to influenza, and

Whereas, Medicaid does not cover Tamiflu medication without prior authorization, and

Whereas, not being able to get the Tamiflu vaccine at the time of service may make it impossible for these patients to get treated; therefore be it

RESOLVED: That MSMS seek to have all forms of insurances, including Medicaid and managed Medicaid, to allow all prescribed, approved and indicated anti-influenza medication to be dispensed by pharmacies without prior authorization for patients.

WAYS AND MEANS COMMITTEE FISCAL NOTE: NONE
