16

17 **Whereas, member retention and recruitment in our AMA is a perennial**  
18 **challenge, and**  
19

20 **Whereas, membership in our AMA is woefully low, and**  
21

22 **Whereas, any means which may be helpful to physicians and may serve**  
23 **as recruitment tools should be embraced and promoted to AMA members and**  
24 **nonmembers, and**  
25

26 **Whereas, one such tool already exists in the Amagine website, developed**  
27 **by the Michigan State Medical Society and enhanced by the AMA. It offers**  
28 **Epocrates, Harrison's Online and Isabel, which are valuable assets and user**  
29 **friendly, and**  
30

31 **Whereas, Amagine is currently offered at no charge and is an important**  
32 **part of everyday practice, therefore be it**
