**Title:                    Establish Transition of Care Codes with Adequate Relative Value Units (RVUs)**

**Introduced by:        P. Dileep Kumar, MD, for the St. Clair County Delegation**

**Original Author:     P. Dileep Kumar, MD**

**Referred to:         Reference Committee A**

**House Action:        No Action.**

---

**Whereas, care transitions are emerging as important flash points in a patient's journey between various care settings, such as home, physician's office, emergency room and hospitals, and**

**Whereas, careful and efficient transitions are likely to improve overall outcomes and reduce costs, and**

**Whereas, proper transition of care can be a time and labor intensive process involving several health care providers; therefore be it**

**RESOLVED: That our AMA lobby the Centers for Medicare and Medicaid Services (CMS) to approve new Current Procedural Terminology (CPT) codes for transition of care with adequate high Relative Value Units (RVUs).**

---

**WAYS AND MEANS COMMITTEE FISCAL NOTE: NONE**
